12 July 2018

To the Salesians, Staff, Students and Families of the Salesian College, Chadstone, Community

It is with great pleasure that I announce the re-appointment of Mr Rob Brennan as the Principal of Salesian College, Chadstone, for the next five years: 2019 to 2023 inclusive.

Whilst congratulating and wishing him well for his forthcoming term of office, I also take this opportunity to thank Mr Brennan most sincerely for all that he has attempted and achieved during his first contract of seven years as College Principal.

In particular, I acknowledge his creative and visionary leadership of the College community; his commitment to the charism of Don Bosco and to the preaching of the Gospel; his commitment and direction to improve teaching and learning; his oversight of several significant building projects such as the Naylor Arts precinct, the Jennings Centre and the Science wing; his direction in further enhancing the pastoral care program including the introduction of the Salesian award and Oratory personal development program; his passion and enthusiasm for student leadership; and the establishment and consolidation of relationships with Catholic feeder primary schools and sister schools in various parts of the world.

At the same time, I also wish to acknowledge all the Salesians, the College Leadership Team and staff members, students, parents, families and old scholars who have supported Rob so positively in his various endeavours and have contributed so much of themselves in building up Salesian College according to the rich heritage of the Salesians of Don Bosco.

Yours in Saint John Bosco,

Fr William Matthews sdb
