Trophy

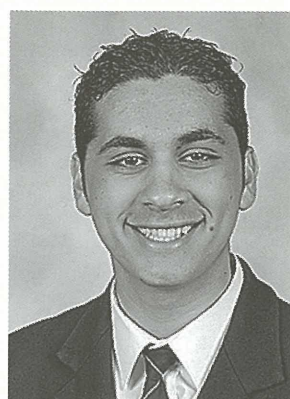

Matthew Greene
Past Pupils
Leadership
Award

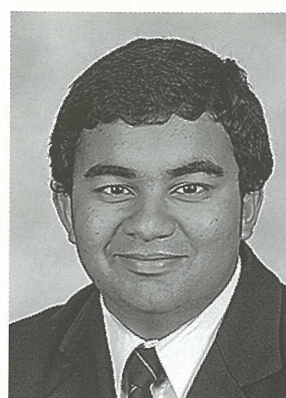

The recipient of the 2002 Past Pupils Leadership Award is a person of the highest quality. From the day he arrived at the College, Matthew Greene has clearly demonstrated his leadership skills. Matthew's strong desire to make the students of Salesian College feel proud of their school has been a driving force witnessed by all. The most onerous task of combining all the skills, personalities and desires of the Leadership Team falls deeply upon its Captain and it is in accepting this task we thank Matthew. Matthew has done a marvellous job this year, being able to successfully juggle home life, school life and the responsibilities of School Captain. I was always able to count on Matthew for an impromptu speech or a special thank you to a visiting guest. For this I am forever grateful. On behalf of the staff and students of Salesian College, I wish to publicly thank Matthew for the job he has done so creditably. Congratulations, Matthew.

One of the qualities of a good leader is the notion of service and contribution to the wider community. Both the Salesian College Vice Captains qualify in this area. Lawrence Adaman and David Youssef have given their service on many occasions this year from their preliminary work on the Leadership Camp to the successful running of the 2002 Community Day. Lawrence and David have displayed unselfish restraint, true honesty and an overall commitment to seeing every task before them completed to its utmost. Both of these young men have more than adequately fulfilled the role of Vice Captain in 2002. Lawrence and David will leave Salesian College a better place than when they began their journey, at the beginning of this year. On behalf of the staff and students of Salesian College, I wish to publicly thank these young men for the job they have done so creditably. Congratulations, Lawrence and David.
