If your son's application for enrolment at Salesian College is accepted, you will receive a letter advising whether he has been successful in his application for the Sports Academy. There may also be a requirement for your child to attend both physical and sports specific testing as a part of the selection process. If this is required, the College will contact you.

Not all costs associated with the Salesian College Sports Academy are covered within the College budget. Parents are required to pay an annual Sports Academy Fee of \$200, which will contribute to costs associated with technical sport training sessions, venue hire costs, equipment use, transport to and from activities and access to sport science services including physical preparation staff. This funding also covers excursions and guest speakers.

The annual Sports Academy fee of \$200 needs to be paid on acceptance of your place in the Sports Academy Program, following physical and sports specific testing. Enrolment in the program will only be confirmed once the \$200 payment has been made at the Accounts Office of Salesian College.
