NSW and Canberra courses

The Universities Admissions Centre (UAC) processes course applications on behalf of participating higher education institutions.

NSW students are able to apply for vocational and higher education courses now for the 2022 intake, and Victorian students will be able to from apply from Tuesday 3 August.

UAC has developed a series of resources to assist students with their applications:

Website

The website and social media channels contain information about the application process, key dates, Education Access Schemes and scholarships etc., www.uac.edu.au

Downloadable publications

You can download resources on the application process, key dates, Education Access Schemes and scholarships etc., <https://bit.ly/2WcBBvd>

Instructional videos

www.youtube.com/user/UACinfo

Other states

Information and resources for other states can be accessed via the following websites:

SA/NT	www.satac.edu.au
Queensland	www.qtac.edu.au
WA	www.tisc.edu.au
Tasmania	www.utas.edu.au

Year 12 study resources

ATAR Notes

The ATAR notes website has resources for VCE and HSC students. You can download free exam preparation and summary notes for subjects and watch lectures. You can also access paid online tutoring for subjects and purchase subject guides. Register at <https://atarnotes.com/>

Australian Catholic University - Year 12 Revision Webinars

To help students tackle their final exams, ACU will be running Year 12 Revision Webinars. These free online sessions will be led by experienced Year 12 teachers and exam markers so that students can get personal help in a wide range of subjects. For information and to register your place, visit <https://bit.ly/2ZtKMJL>

Space science careers

The following information has been taken from Careers with STEM.

Jobs you could land with a space science degree

If you've always known that a space career was on the radar – then an industry specific degree like a Bachelor of Space Science could be the perfect tertiary match, <https://bit.ly/3xwB5Zv>

A day in the life of an Astronomer

Karlie Noon, a proud Gamilaroi woman and astronomy ambassador for The Sydney Observatory, shares her STEM journey with us, <https://bit.ly/2UKY5VZ>

Space + agriculture: bringing space jobs down to earth

New tech from the space sector is revolutionising farming, and there are loads of roles for STEM grads in creating it. Here are a few of the coolest jobs going, <https://bit.ly/3wAQ9UG>

Careers with STEM: On Demand

Sign up to the Careers with STEM YouTube channel. Here you'll find live webinar recordings, interviews with inspiring STEM professionals, fun videos on the coolest STEM jobs out there and heaps more! <https://bit.ly/3wCHlS3>

Thinking about studying IT or computer science?

The number of cyber security jobs will grow by 300% by 2023, which makes it an awesome and in-demand area to specialise in. Check out the Careers with STEM cyber security careers hub – you will find out what to study, which employers to hit up and what's involved in the job, <https://bit.ly/304ovkE>

You can study cyber security at TAFE or university. Some universities offer double degrees in cyber security – for example, you could combine cyber security and criminology or cyber security and psychological science.

The following are examples of Victorian universities you can study cyber security at:

Deakin University, <https://bit.ly/3AVTSj4>
La Trobe University, <https://bit.ly/3xx7Qpr>
Swinburne University, <https://bit.ly/3xONrfu>
Victoria University, <https://bit.ly/2TczEk8>

The future of work

Preparing the digital workforce of tomorrow

ING have released a Future Focus Report that explores the rapid acceleration of digital technologies in the workplace brought on by the impact of COVID.

It looks at the impact this is having on the jobs and skills needed for the future workforce. Students may find the research interesting.

You can download the report at <https://bit.ly/3h8iL0n>

Post school qualifications

Why is completing a vocational or higher education qualification after school so important? According to the My Career Match website:

Of the millions of jobs advertised in Australia around 85% require a Certificate III or higher and around 30% require a bachelor's degree or higher.

Many of the careers and jobs that are around today will disappear by the time students get their first job and many new careers will be created.

To read more about the future of automation, globalisation and collaboration of the future workforce, read the following report by the Australian Foundation for Young Australians - <http://bit.ly/29ARTcf>

What is upskilling and why does it matter?

Information has been taken from 'Explore Careers'.

'Upskilling' probably sounds like careers and recruiter jargon, or something future you will need to worry about it – and it kinda is! But it's also something worth thinking about as you begin to take your first steps into the world of work.

We're not saying you have to have it all figured out, but having some expectations and ownership over your career journey will set you up for long-term success.

With the Foundation for Young Australians reporting that young people will have on average 17 different jobs across 5 different careers in their working lifetime, upskilling is something that will become increasingly crucial!
<https://bit.ly/3xRtiFI>

Updates from Federation University

Federation University has campuses at Berwick, Gippsland, Horsham and Ballarat and offers vocational and higher education courses. The following are two updates for prospective students:

Performing Arts

Students applying for the Bachelor of Performing Arts are invited to participate in an online audition Q n A workshop. You will receive information on preparing for the audition. You can register via <https://bit.ly/3kxUm8>

New courses starting in 2022

- Bachelor of Speech Pathology (Honours)
- Bachelor of Sustainable Food Systems
- Bachelor of Cognitive Enterprise
- Bachelor of Nursing/Bachelor of Midwifery
- Bachelor of Criminal Justice Management

You can explore courses via <https://federation.edu.au/>

Amazing webinars!

CareersEvent.com has developed a one stop portal for students to access webinars based on their career interest areas.

Examples of interest areas include information technology, science, creative arts, Defence, tourism and travel, health, and teaching.

You can also access webinars on accommodation, private colleges, and universities.
